

## Coalition Successfully Extended Historic Preservation Tax Credit to Support Colorado's Downtown Mainstreets and Create Jobs

### How the Reauthorized Credit Helps

Colorado remains dedicated to improving its economy and creating jobs by supporting and incentivizing businesses located in historic buildings. The Colorado Historic Preservation Tax Credit program was slated to end next year if the Colorado Legislature didn't extend the program. Tax Credit Connection worked with a coalition of preservationists, business folks, and state agencies to extend and improve the Historic Preservation Tax Credit (HPTC) so our heroic business owners can invest in keeping their iconic buildings in tip top shape.

House Bill 1190 gives property owners 10 more years to rehabilitate their historic buildings and invest in their downtown mainstreets. The new law provides extra incentives for projects in rural areas. Starting on January 1, 2020, rural property owners will receive up to a 35% tax credit on qualifying expenditures for the first \$2 million spent plus a 30% tax credit on qualifying expenditures over \$2 million, up from the 25% and 20% in the current law. The bill makes additional changes to assist rural tenants who are making improvements and simplifies parts of the law that were confusing and had an unfair application to many people.

This law has allowed owners and tenants of historic buildings around the state to put on new roofs, upgrade HVAC systems, and completely renovate buildings that might have faced the wrecking ball absent the credit. Some buildings are being turned into affordable housing, others are new locations for dining and shopping, and some are becoming museums. To find out how and when the new law might affect you and your project, please see the table below.

What is a “Disaster Area”?

An area that the president of the United States has determined to be a major disaster area or that is located in an area that the governor has determined to be a disaster area within the last 6 years.

*\*Please contact us if you’re unsure whether or not your building is in a disaster area.\**

What is a “Rural Area”?

A municipality with a population of less than 50,000 people that is not located within the Denver metropolitan area or an unincorporated area of any county that has a total population of less than 50,000 people and is not located within the Denver metropolitan area.

What is the “Denver Metropolitan Area”?

All of the area within the boundaries of the counties of Adams, Arapahoe, Boulder, and Jefferson, the city and county of Broomfield, the city and county of Denver, and the county of Douglas except the Town of Castle Rock and Larkspur.

Thank Your Legislators

State Representatives Daneya Esgar and Hugh McKean, and Senators Jack Tate and Leroy Garcia, co-sponsored House Bill 1190, and we can’t thank them enough for their support and leadership! The bill made its final pass on May 7th and is scheduled to be signed by the Governor shortly. If you see your state senators or representatives, please tell them how important having beautiful historic places to live, work, and shop is to you and your family.

TCC is Here for YOU!

If you have a historic building and are interested in learning about whether your rehabilitation would qualify for the HPTC program, please call our office and talk to either Amber Furness or Ariel Steele. We are passionate about historic preservation projects and want to help you make yours happen.
